Notes:

1. Primary care point-of-service fees assessed by participating SFCCC providers may differ from that noted above. DPH has provided authorization for participating SFCCC members to use their own existing fee schedules. In addition, those SFCCC that provide pharmacy, specialty and diagnostic services may use their own existing fee schedules if the clinic in question has been contracted to provide those pharmacy, specialty and diagnostic services.
2. UMDAP is the Uniform Methods for Determining Ability to Pay that has been developed by the State of California for all counties providing mental health services.
