

Quality Improvement and Health Equity Committee (QIHEC): DSNP-Care Plus Program Q1 2026 Activity Summary

Reporting Period: Q1 2026

QIHEC Meeting Date & Time: March 26, 2026 | 8:00 AM – 10:00 AM

Topics Discussed

Quality Improvement & Population Health

DSNP Updates

- Launched January 1; membership growing (~500–600 and rising)
 - Stars & Risk Adjustment Governance Committee convened; initial meeting held; bimonthly → monthly cadence next year
 - First DSNP dataset expected end of month; April reporting planned
 - Noted provider rollout timeline (NEMS initial partner; more groups planned for July 2026 and January 2027)
 - Leadership emphasized star ratings' impact on revenue and program viability
 - Eligible SFHP member pool referenced (~30,000); not all will enroll with SFHP; Anthem and Kaiser identified as primary community alternatives; members must align medical plan with DSNP choice
-

Next Steps

- Continue negotiations to onboard additional medical groups for July 2026 and January 2027 rollouts
- Request and finalize projections of eligible members who may enroll with SFHP from Data Analytics team
- Coordinate communications with provider partners and outreach teams to educate eligible members on DSNP options and medical-alignment requirements
- Monitor star-rating initiatives and prioritize quality activities that drive stars revenue
- Prepare implementation checklist and timelines for onboarding new groups, including operational readiness and member transition processes
