**SAN FRANCISCO, October 16, 2018** -- San Francisco Health Plan (SFHP), a community managed care health plan serving over 140,000 San Francisco residents, announced today its partnership with Seton Medical Group.

Seton Medical Center is located in Daly City, which also includes Seton Coastside, located in Moss Beach.

The addition of both facilities includes 357 licensed hospital beds, including 155 skilled nursing beds and 44 sub-acute beds along with a wide variety of inpatient and outpatient programs and services.

“This is a very exciting partnership for us. It combines Seton’s long history of providing quality care with our mission of improving the health of our members throughout the diverse San Francisco communities,” said John F. Grgurina, Jr., CEO of San Francisco Health Plan. “This strategic addition allows us to expand our services and reach our members into the greater bay area.”

San Francisco Health Plan is an NCQA Accredited Medi-Cal health plan providing affordable health coverage to over 140,000 low and moderate-income families residing in San Francisco.

Seton Medical Center and Seton Coastside has a long tradition and deep commitment to providing quality care to the communities they serve.

“Establishing a relationship with Seton Medical Center and Seton Coastside allows us to keep our promise to give our members access to a broad and diverse range of services to improve their health.” said Jim Glauber, MD, MPH, and Chief Medical Officer of San Francisco Health Plan.

Launched in 1997, SFHP provides health care to over 140,000 members across three lines of business. Combined with *Healthy San Francisco*, the City’s non-insurance health care access program, SFHP provides services to over 160,000 residents, or over 19% of the City’s population, which is one in six San Francisco residents.
