

# SFHP: Created to Address Local Needs

County Organized Health System

Local Governance

Established in 1994, San Francisco

Created to Enhance Access, Increase Quality, Control Costs, & Improve Satisfaction

## Local versus Statewide Approaches: Side-by-side Comparison

System Design Area	General Statewide Approach	Local Plan Strengths
Governance	Centralized decision-making	<b>Local accountability</b> and community governance
Implementation	Standardized statewide rollout	<b>Local tailoring</b> based on regional needs
Provider Networks	Uniform contracting models	<b>Deep safety net partnerships</b>
Equity	High level statewide goals	<b>Neighborhood level equity work</b>
Social Needs	Limited integration	<b>Whole person care leadership</b>
Financial Model	Statewide incentives	<b>Local reinvestment</b> into community health
Stability	Potential for market shifts	<b>Long term presence</b> and continuity
