

Some San Francisco pharmacies are temporarily closed due to the COVID-19 pandemic

Also, some stores may change their hours. Please call your pharmacy before visiting to check if their hours have changed.

If your pharmacy is closed for now, your prescription(s) can be sent to another pharmacy. Most pharmacies can easily send prescriptions between stores electronically. Please note transfer of controlled drugs such as opioids may be limited.

Many pharmacies are offering FREE home delivery during the COVID-19 pandemic, including all Walgreens and CVS stores. Please call your pharmacy to learn how to get prescriptions delivered.
